

Sound requirements

All shows provided by Incognito Artists are performed by top class professionals and the sound equipment must reflect the premium nature of the entertainment. The quality of the sound equipment and professionalism of the engineer directly impact the quality and success of our performance.

Bravo Amici

- **Professional quality PA system with reverb, suitable for the size of venue and no. of people attending** – the PA system must be suitable to amplify strong, professionally trained Opera voices
- **Speakers positioned appropriately to cover the venue** – minimum of four speakers, one in each corner of the room. Larger rooms will require extra speakers. Please discuss with us if you have any doubt
- **6 matching cordless handheld radio microphones** – broadcast quality Shure Beta 87 Heads with spare batteries
- **Dual CD Player of professional quality** - i.e. a personal Discman / walkman is not acceptable
- **Experienced, English speaking sound operator** - must be present during the sound check and performance to cue tracks and adjust levels

Lighting and Staging

- **Staging/raised area** (preferable as it often gives the audience a better view of the singers)
- **Star cloth**
- **Sensational lighting**
- **Follow spots**

Instruments

- **Grand Piano – fully tuned**

It is vital that the above requirements are fully understood and provided by the client as well as the sound engineer. Should there be any issues please contact the Incognito Artists Management immediately, so that they can be resolved before the event date. We will work closely with any sound engineer provided by the client, but will not accept responsibility for their inability, unprofessional behavior, or unsuitable equipment. Sound is key to our performance and it's imperative that the sound technician employed is of high standard.
