

# ELECTRIC LIGHT ORCHESTRA TRIBUTE

Emulating The Electric Light Orchestra (ELO), the award-winning English rock band that formed in 1970, Ticket to the Moon is a ten-piece group presenting over two dozen of ELO's hits – music characterized by a fusion of Beatlesque pop, classical arrangements and futuristic iconography. The original ELO were billed in the United States as “the English guys with the big fiddles”; Ticket to the Moon is no different. Audiences can expect an explosion of phenomenal sounds from multi-instrumentalists on guitars, vocals, keyboard and multiple string players! Audiences will be standing, singing and dancing to many of their favorites including “Evil Woman”, “Strange Magic”, “Telephone Line”, “Livin’ Thing”, “Don’t Bring Me Down” and “Can’t Get it Out of My Head”.
